Dear Honorable Judge Anderson,

I am writing this letter to request an additional (90) calendar days to settle my money due to the courts. I am very grateful for my past extension request that were granted, but in all reality (30) days is just not enough time, with my recent termination from work my debit + educational requirements for college I just will not be able to pay my expenses at this time. In addition my license was recently suspended due to my inability to pay my ticket. I am sincerely apologetic but I rather be completely honest than let my extension time expire and no money is provided to the court please help me, help myself Judge. Again thanks for all your help. GOD BLESS
